PROFESSIONAL SUMMARY

Innovative full-stack developer with expertise in building production-ready web and mobile applications using modern technologies such as JavaScript, Python, Java, Vue.js, React Native, and FastAPI. Experienced in designing scalable, maintainable, and high-performance solutions that solve real-world problems. Adept at collaborating in agile teams, integrating AI and cloud services, and delivering clean, efficient code that enhances user experiences. Passionate about leveraging technology to drive meaningful impact and continuous learning in dynamic development environments.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript, Java, PHP, Python, Dart
- **Frameworks & Libraries:** Vue.js, Nuxt.js, Fast API, Node.js, React Native, Tailwind CSS, Bootstrap, Firebase, Ionic, Capacitor, Flutter, Three.js
- **Databases:** PostgreSQL, MySQL, Oracle, SQL Server Management Studio (SSMS)
- **Version Control & DevOps:** Git & GitHub, Render, Netlify, Linux, CI/CD workflows, Jira, Intercom
- **Tools:** VS Code, Cursor, Eclipse, Android Studio, PyCharm
- **Soft Skills:** People Management, Excellent communication, Rapport Building, Strong Stakeholder Management

PROJECT EXPERIENCE

ClauseGuard - AI Contract Analysis Tool

[Link](#)

Technology Used: Vue.js, FastAPI, OpenAI API, Python, JavaScript

- Built an AI-powered web application automating contract analysis, integrating RESTful APIs and secure data handling.
- Reduced manual review time by 90% by implementing scalable frontend and backend components.
- Collaborated with backend developers to optimize performance and ensure maintainability.

Smartbrain – AI Face Detection Web App

[Link](#)

Technology Used: Vue.js, Tailwind, Firebase

- Designed responsive, accessible UI for an AI-powered face detection app using third-party APIs.
- Implemented Firebase authentication and interactive dashboards for real-time user engagement.

QuizMaker AI – AI-Powered Quiz Platform

[Link](#)

Technology Used: Vue.js 3, Nuxt.js, TypeScript, Firebase

- Created a dynamic quiz platform leveraging AI-generated content with personalized question recommendations.
- Applied software engineering practices with TypeScript, Git, and agile collaboration.

Academic Exchange Platform – Web-Based Course Management System

[Link](#)

Technology Used: Java, JSP, Servlets, MySQL, HTML, CSS, JavaScript

- Built full-stack platform with secure authentication and MVC architecture.
- Applied design patterns (DAO, Factory, Observer) to enhance code maintainability.

HelpMeOut – Screen Recording & Video Sharing App

[Link](#)

Technology Used: Vue.js 3, Vite, CSS3, Firebase, PWA

- Developed a responsive progressive web app with offline capabilities, real-time video sharing, and Firebase integration.
- Implemented modern CSS animations and scalable storage with Firebase Cloud.

WORK EXPERIENCE

Supervisor September 2024 – Present

Westboro Farm Boy, Ottawa, ON

- Promoted from CSR to Supervisor within 8 months for performance and initiative.
- Led training sessions, maintained food safety, and boosted display-driven sales.

Traffic Safety Representative May 2024 – August 2024

TD Place (Ottawa Sports & Entertainment Group – OSEG), Lansdowne Park, Ottawa, ON

- Coordinated safe traffic flow during events, managed gear setup, and ensured public safety

VOLUNTEER EXPERIENCE

Tutoring and Mentorship September 2022 - February 2023

Babcock University Peer Support Program, Ogun State, Nigeria

- Organized and conducted study groups and workshops, fostering a collaborative learning environment.
- Provided academic support and mentorship to underclassmen in various subjects, enhancing their understanding and performance.

EDUCATION

Computer Programming Diploma January 2024 – August 2025

Algonquin College, Ottawa, ON

- Deans’s Honours List GPA: 3.94

BSc. Economics January 2020 – July 2023

Babcock University, Ogun State, Nigeria

- GPA: 3.97

CERTIFICATIONS

- AWS Certified AI Practitioner - Issued by Amazon Web Services (AWS) | March 2025
- AWS Certified Cloud Practitioner - Issued by Amazon Web Services (AWS) | December 2024
- Software Testing Foundations: Testing throughout the SDLC – Issued by LinkedIn Learning | November 2024
